THURSDAY, APRIL 10, 1912.

The chances for an extra session of the Legislature have gone a glimmering. Gov. Beckham has in response to a petition from Democrats of Garrard county asking for a reconvention of the General Assembly for the purpose of passing a registration and school book bill, declined to grant the request. He said in his letter of reply that the passage of a registration bill was of insufficient importance and that it was clearly shown that the Senate would not pass the school book bill.

The rottedness which has been rottedness in the Investment companies has caused a general shake-up and at Lexington they will all be thoroughly tried out and aired in the courts. It is to be hoped that the proceedings will result in putting out of business all of those concerns that can't give a good account of themselves and satisfy their victims.

The case of Berry Howard charged with being a principal in the Goebel murder has been called at Frankfort. Howard will ask for ball in case of a continuance.

The Artistic Japanes. The artistic Jap shows nothing in a room, absolutely nothing except a lovely flower and a screen and perhaps a lamp and a vase. You never know never from the room of a Jap that he was a great picture collector. The women collectors of the Orient travel around a country in what is called a "go down" his storehouse, and his pictures are brought up one at a time and while the price is exacted. The Japanese picture will be brought in any hour up. You enjoy the picture yourself by itself. It is very much like having a bottle of wine from the cellar. No one would want the whole bottle at a time.—Japan: A Record In Color, by Mortimer Menpes.

Second Bassoon.

Johnny had written a composition in the narrative style and was showing it to his mother for her approval before sending it to the teacher.

"There's one thing I will not do, Johnny," she said as she read it. "When the man found that he had called at the window, he said, 'I'm not a criminal or a swindler. A man can't be in a thing away, my dear, but not."

"I see why," confided Johnny, "I can't blow myself out, can't."

"Why can't you explain yourself?"

City of Destination. A looking woman came into a room, looking languidly into a mirror, and was an acquaintance, was the

name of the woman.

Miss Martha Hays was in the city a few days last week.

Aunt Sibbie Hays, a respected colored woman is very ill at this writing.

Mr. J. P. Stinson and daughter attended church in Springfield Sunday.

Mr. Martin Sutherland and his nephew Roy, and Annie Sutherland spent Sunday with J. H. Gray.

It seems that the controversy between Mr. Gray and Mr. Sutherland is bothering some people a great deal more than it is them and Russell, the noted Texas Christianist, will lecture at the

Methodist church, Saturday, April 12, her subject, "The lost Lamb."

We noticed in the good old NEWS-LEADER a few numbers back a communication speaking of Nat Walton who was a doctor of our mother. We have in our possession his portrait, painted by Mr. William Head no doubt 100 years ago when he was a cabinet workman of Springfield. We bear Walton's full name. He was very wealthy owning all the land from the knobs around the city of Lebanon where the tall pines and cedar grove to Bear Grass Creek in Louisville. He gave the name that the Court House and jail stand on and the grave yard on the hill, and his grave today is unmarked. He married a very poor woman and when he died there were stone stones erected to his memory. She then married Lieutenant Governor Pope and when he died she took Walton's money and set up a tall monument pointing many feet to the clouds and broke up Walton's tomb to make a base for Pope's. Now in this enclosure lies Presbyterian Methodist Baptist and we are told some few Catholics, their graves being blessed by good priests. Some few Episcopalian and others are interred there and we never heard of a grave costing a single dollar for this six feet of ground. Why isn't there better care taken of these graves? We are told to erect to his memory a respectable stone, some court day of a good dinner, a few extra dollars by subscription would do the work. The entire community should be interested in it. All the public buildings are on the land his gift to the county and that his grave should go unmarked is a shame.

Oil for the Children.

Give them oil—cod-liver oil.

It's curious to see the result.

Give it to the peevish, fretful child, and he laughs.

Give it to the pale, anemic child,

and his face becomes rosy and

full of health. Take a flat-chested child, or a child that

has stopped growing, give him the oil, and he will grow big

and strong like the rest.

This is not a new scheme.

It has been done for years.

Of course you must use the right oil. Scott's Emulsion

is the one.

Scott's Emulsion neither

looks nor tastes like oil because

we are so careful in making it

pleasant to take.

Send for sample.

The Eminent Kidney

The Discovery of Swamp-Root in His Laboratory.
There is a disease prevailing in this country most dangerous to life and destructive. Many sudden deaths are caused by this disease, especially, however, in the spring and summer months. If kidney trouble is allowed to affect the vital organs of the body, it will break down and cause a waste of cell tissue. The result is that the good cells are thrown out and the sufferer has a Disease, the worst form of kidney trouble. Swamp-Root is the new discovery in the treatment of this disease and urinary trouble. It has cured thousands of apparently hopeless cases, after all other efforts have failed. At present it is in small and dollar sizes. A sample bottle sent free and mail. Send a book about Swamp-Root and its wonderful properties, to Dr. Kline & Co., Birmingham, N. Y., and mention this paper.
